

VIRTUAL | ELECTRONIC | MANUAL TIMING SERVICES

(RUNNING)

CHAMBERLAIN'S TIMEKEEPING (RACERESULTS) have partnered with **FINISHTIME** to add **Electronic Timing** and **Virtual Timing** to our many offerings.

We professionally manage the timing of your running event from setting up the online entry portal to providing a final result and arranging courier delivery of medals and t-shirts.

We offer:

- Electronic, Virtual and Manual timing services in conjunction with FinishTime
- Timing of Virtual events electronically or via the *Sportsplits/FinishTime Tracking App
- Facility to record Strava/Garmin URLs on virtual events
- Setting up of online platform for entries
- Managing online entries
- Supplying race numbers
- Packaging of pre-entries
- Designing of certificates and race bibs/numbers and making them available for download by participants.
- Arranging and managing Courier Service
- *Sportsplits/FinishTime Real-Time Tracking App that can be used for virtual or actual events to track athletes.
- Competitive tariffs
- 22 years experience in the Timekeeping business
- Qualified Technical Officials
- 50% discount on our banner and side bar adverts to all our clients on the www.RaceResults.co.za Website
- **We are familiar with ASA requirements and Covid protocols and follow these to the letter**

Contact: margaret@raceresults.co.za for a quote or more info on the services we offer

***Sportsplits/FinishTime Real-Time Tracking App** can be used for virtual or actual events. Is a downloadable app available in the Apple App Store and Google Play Store, supporting hundreds of thousands of competitors for multi-sport events worldwide.

Live Map tracking of athletes for spectators and participants through traditional chip-timing technology or Real-Time Remote Racing™ of athletes through GPS technology.
